Job Search Working Session - Free Preparation Sheet

Use this on your own or before a session. Nothing here is sent automatically.

1. My One Priority

Choose an application, an interview, or a search workflow.

What would make 90 minutes useful? Keep the goal small and specific.

2. What I Can Bring

Application: one job description, current resume, and factual work examples.

Interview: role, interview stage, questions, and two or three real stories.

Search workflow: target roles, weekly time, current steps, and the sticking point.

Remove passwords, private third-party details, and confidential employer material.

3. What I Know And What I Need To Check
